

A new look at music education...

WILLEMS® PÉDAGOGY INITIATION & ADVANCED TRAINING COURSE

20 > 25 JULY 2021
LYON / FRANCE

INTRODUCTION

The International Willems® Federation is organising a course on the pedagogical principles of Edgar Willems from 20 to 25 July 2021 in Lyon:

- For the **INITIATION** / to musicians, students, teachers, educators, professionals of the early childhood, musical speakers in various contexts - school, hospital, prison... - as well as to simple music lovers.
This course will provide tools for expansion in musical practice as well as in professional activity on a physical, affective and cognitive level.
The Willems® approach is based on the psychological relationships between music, the human being and the surrounding world, and proposes a progression that is directly inspired by and respects them.
It is an active musical education that calls upon receptivity, impregnation, reproduction, but also upon the expression of the being and its inventiveness.
- For **TRAINING** / participants following the Willems® Pedagogical Diploma in Music Education training course.
- For **ADVANCED TRAINING** / for people who have already completed a Willems® Diploma course and wish to continue their training and update their knowledge.

PROGRAMME & OBJECTIVES

- **PRACTICAL LESSONS:** The Willems® pedagogy covers a very broad spectrum of musical education, from early childhood to musical training (solfege), vocal and instrumental. During these lessons, the aim will be to go through the main lines of the Willems® progression, to describe its characteristics and to explore the creative nuances of concrete achievements: observation, debate, pedagogical practice.

=> instructions:

- Please note! The number of trainees will be limited to the capacity of the two rooms (Institution des Chartreux and Maison St Irénée). Registrations will be made according to the remaining places and the date of registration. If the chosen "Practical Lessons" group is already full, it will be automatically redirected to the other group.
- The practical lessons at the Institution des Chartreux are recommended for **Initiation** trainees and the practical lessons at the Maison St Irénée are recommended for **Training** and **Advanced** trainees.

- **MUSICAL MOMENTS/CONCERT:** These aim to illustrate the links between the active and receptive aspects of transmission, also making room for improvisation, variation and exploration of languages.

- **Musical moment n°1:** *Percussion and Improvisation* / Julien Pellegrini
- **Musical moment n°2:** *JS Bach - Goldberg Variations.1* / Anne-Catherine Vinay
- **Musical moment n°3:** *JS Bach - Goldberg Variations.2* / Anne-Catherine Vinay
- **Musical Moment n°4:** *Chamber music, voice and harpsichord* / Benjamin Lunetta, Magali Perol-Dumora and Anne-Catherine Vinay
- **Organ concert**, *evolution of polyphony from cantus firmus to choral, with audience participation...* / Thibaut Louppe

• CONFERENCES:

- **Conference n°1:** *The human, artistic and social missions of music education, beyond methodologies: an echo to the Declaration of Cultural Rights* / Nicole Corti
- **Conference n°2:** *Musical practice, a high level sport?* / Gérard Mick
- **Conference n°3:** *Pathology of pain: effects of music* / Gérard Mick

• PRACTICAL WORKSHOPS:

Workshop A1 / Rhythm: body and instrumental percussion

Workshop of practice and experimentation combining the impetus of the gesture, listening and anticipation of the sound, through more or less structured improvisation, either with body hits or with small percussion instruments, for collective and individual productions.

Instructor : Julien Pellegrini

Workshop A2 / Choral Conducting

To inspire spontaneous and qualitative collective singing on a vocal and expressive level.

Reflect on the human and technical issues of conducting a choir or class.

The trainees alternate as singers and conductors.

Instructors: Nicole Corti & Thibaut Louppe

Workshop A3 / From pre-instrumental to early piano

Practical workshop with the participants to highlight the interest of the global pre-instrumental preparation of the 3rd degree Willems®, in particular with the chromatic chime, and the beginnings at the piano with the 4 types of playing: by ear, sight-reading, memory, and improvisation.

Instructor: Christophe Lazerges

Workshop A4 / Adult vocal technique

Personal practice workshop for participants to discover the richness of the expressive potential of the sung voice, favoured by elements of vocal technique to be carried out individually and collectively, to arouse the desire to pursue this type of approach on a personal level and to energise one's own pedagogical practice in music education.

Instructors: Benjamin Lunetta & Magali Perol-Dumora

Workshop B1 / Body movement

This workshop aims to deepen this important element of musical education not only in the audio-motor relationship, but also beyond that in the perception of musical forms and the intuitive and global listening of the harmonic dimension.

Instructors: Eulàlia Casso i Samsó, Javier Fernández-Ortiz, María-Ángeles Pérez-Lancho, Lucia Perez-Lemartret

Workshop B2 / The world of the baroque through singing and informed accompaniment in music education

Workshop dedicated to the study of the baroque style through the fundamental contribution of the basso continuo, specific practice of the harmonic realisation of a bass on the keyboard as well as the enrichment of the melody through ornamentation and diminution.

Instructor: Anne-Catherine Vinay

Workshop B3 / Early string instruments

A proposal for an introduction to the violin, viola or cello, based in particular on improvisation, which allows the creation of a precious connivance with the instrument, and also imitation and immersion in collective practice, particularly through traditional music.

Instructor: Véronique Bouilloux

Workshop B4 / Children's Vocality

How to move from the classical learning of songs to the development of vocality, by combining the involvement of the body with the fine listening of physical and auditory sensations, and by soliciting the total participation of the singing being.

Instructors: Benjamin Lunetta & Magali Perol-Dumora

=> Instructions:

- The 2 workshops (1 workshop A + 1 workshop B) are to be chosen from the selection above.

- The 2 workshops selected will be kept over the 4 days (no change possible).

- Please note! The number of participants is limited to 15 per workshop.

Registrations will be made according to the remaining places and the date of registration. If a chosen workshop is full, you will be redirected to a second choice workshop.

- Advice: Although the workshops are open to all trainees, some workshops are recommended:

> For the **Initiation**, the A1, A2 and B1, B4 workshops: more oriented towards the pedagogy of collective practice.

> For **Training** and **Advanced Training**, workshops A4 and B2: more oriented towards personal work.

- If possible, the trainee will bring his/her own instrument.
